April 5, 2001

Dear Cheryl:

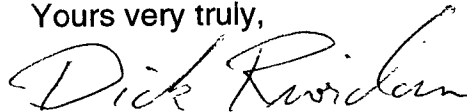

Surface Management Regs. CFR 3809

Millsite Abandonment, Sec. 31, T.13N., R.13W

Again, I'm sorry that we missed your SLC open house on this subject and I do appreciate the copy of the pertinent CFR that you sent.

As discussed, Michael Pauletto, the Operator of Record on the caption Millsite has decided to abandon that property. Our letter to Wayne Hedberg of February 9, 2001 for the Utah Div. of Oil, Gas & Mining annual report (letter of December 19, 2000) included this intent of no further interest in this tract. The location of the tract is shown on the accompanying map. I believe this material is as you requested. If there is anything further please advise.

Yours very truly,

cc: Michael J. Pauletto

Annual Reports for year 2000

D. Wayne Hedberg, Permit Supervisor
Minerals Reclamation Program
Utah Dept. of Natural Resources
Division of Oil, Gas & Mining
P.O. Box 145801
Salt Lake City, UT 84114-5801

Dear Wayne:

The accompanying report forms, etc. are in reply to your letter of Dec. 19, 2000 to Michael J. Pauletto-attached with a note, and our conversation of Jan.30, 2001 requesting a delay in filing the reports.

There are four mines/sites involved. All are under the ownership of Mr. Pauletto, and all with the same operator, Michael Cates of Interstate Rock Products. One of the four properties is a proposed millsite (SO30061). There was no activity on this site during 2000 and it is dropped from consideration.

If there is anything further you may require, please advise.

Thank you for your consideration on this matter.

Yours very truly,

Richard F. Riordan

NOTICE OF OPERATION DEPT OF INTERIOR
MILL SITES (2) APPLICATION BUR. OF LAND MGMT
SUPPORT SITES FOR LOCAL QUARTZITE STONE QUARRIES
NE 1/4 OF SEC. 31, T.13N., R.13W. (PORTION)
MINIMUM DISTURBANCE OF SURFACE
NO ENTRY OR USE OF ANY SUB-SURFACE MATERIALS

The site is owned in fee and administered by the Bureau of Land Management through the Salt Lake Field Office. The following sections are in response to the relevant 43 CFR 3809, 1-3 to 1-7 articles:

(c-1) The claimant/operator is Michael J. Pauletto, 22310 NE Hillside Dr., Vancouver, WA. Telephone/Fax: 360/882-4441.

(c-2) 2 Notices of Location (attached) were recorded at the BLM State Office on Sept. 8, 2000. Copies of the notices were also recorded in Box Elder County under the names of INP#1 and INP#2. Both millsites are in the NE 1/4 of Sec. 31 (Park Valley, UT/ID Quad). The two mill sites are each 5 acres in area for a total of 10 acres. in this notice.

(c-3) The 10 acre parcel is idle ground without any developments. Its use would be for the limited processing and storage of quartzite stone products from local quarry operations as well as any other uses incident to the support of the quarries.

The processing would be primarily done by feeding the quarried stone into a trommel, a revolving sieve which would size and round the edges of the stone. The processed stone would be placed into stockpiles preparatory to shipment for market transit. The trommel, housed in a 50 ft. long trailer, requires some water usage. A Sept. 1, 2000 letter (attached) from the State Div. of Water Quality addresses this condition and recommends a containment pond. Electric power will be delivered to a pole in the NE corner of the parcel. A water well will be drilled and developed in this same vicinity along with a shop/office in an 8 by 45 ft. semi-trailer. There will be two 12 by 54 ft. housing trailers for the employees with an adjacent septic system. All the mentioned units are shown on Map 1. Access is from State Route 30 which follows the north line of Sec. 31 and is adjacent to the mill sites

(c-4) There would be limited surface disturbance but all areas would be reclaimed to the standards described in the pertinent section of 3809 along with any BLM requests.

(1-5) Some of the trailer units mentioned above are standing-by and it would be appreciated if approval would allow use of the mill sites by Sept. 27, 2000.

MILLSITE INP#1

NOTICE IS HEREBY GIVEN: That the person/corporate identified below located a mining claim/site in accordance with laws and regulations of the United States and the State of Utah.

BLM Fee: X New NOL \$135 each (\$100 Maintenance Fee, \$25 Location Fee and \$10 Service Charge)
(✓ one) Amended NOL \$5 each (please provide the BLM serial number-UMC_____)

LOCATION OF CLAIM/SITE (land must be open to location under the U.S. mining laws for locatable minerals)
Identify each Quarter Section, Section, Township, Range, and Meridian(✓) of all the land where the claim/site is located:

NE¼ of Sec. 31, T 13N, R 13W; & X Salt Lake Meridian, Utah
NW¼ of Sec. _____, T _____, R _____; & _____ Uintah Special Meridian, Utah
SW¼ of Sec. _____, T _____, R _____; & _____ County: _____
SE¼ of Sec. _____, T _____, R _____; & _____ Mining District: _____

* Please submit a MAP that shows the claim/site name and boundaries, and boundaries of Section(s). Attached

TYPE OF LOCATION (✓ one-below)

LODE CLAIM - MAP REQUIRED (1500 feet in length by 600 feet in width, or less (can not exceed length or width))

Metes and Bounds Description:

Discovery monument is _____ feet (circle>) N E S W from the following natural/permanent monument:

Point of beginning/center line is _____ feet (circle>) N E S W of discovery monument & running
thence (circle>) N E S W 300 feet to (circle>) NW NE SE SW corner monument #1
thence N E S W 1500 feet to NW NE SE SW corner monument #2
thence N E S W 600 feet to NW NE SE SW corner monument #3
thence N E S W 1500 feet to NW NE SE SW corner monument #4
thence N E S W 300 feet to place of beginning.

X MILL SITE - NON-MINERAL FEDERAL LAND (5 acres or less-must not exceed acreage)

PLACER CLAIM - MUST NOT EXCEED ACREAGE (20 acres per locator/maximum of 160 acres with 8 locators)
(for locatable minerals not subject to lode claims)

Placer/Mill Site Aliquot Part Land Description (describe by survey subdivision per BLM Master Title Plat (MTP)):

Example: Lot 2, SW¼NW¼, S½NE¼=Lot 2&SW¼ of NW¼&S½ of NE¼ (comma means and & without the comma means of)
